

HUNS DETERMINED TO TAKE RHEIMS RAIN ON MEMORIAL DAY

ARMY ABROAD IS MILLION STRONG

Senator James Hamilton Lewis
Says United States Is Now
Second Sea Power.

400,000 MEN IN NAVY

America Is Now the Great Nation of
the World, Millions of Our Se-
curities Coming Back From
Foreign Countries.

Chicago, May 31.—Senator James H. Lewis, in a Memorial Day address at Evanston, declared America has an army of 1,000,000 men on eign soil and has become the second naval power of the world.

By Dec. 1, he said, the army in Europe will equal the British in size, if transportation is made available.

"We have 150 warships and 50 others in European waters, manned by 50,000 men," the senator said. "We had 75,000 men in the navy when war was declared. Now we have 400,000. We will have 500,000 before October."

Sen as Peace Speeder.
Analyzing the present German drive as an effort to terrorize the Allies into a speedy peace, the Democratic party whp in the Senate quoted figures to show what America is doing to prevent such an ending. His address was a defense of the War and Financial departments of the administration.

Senator Lewis declared 1,750,000 tons of shipping have been completed, a record exceeded only slightly by England.

"In ordnance we have spent \$726,000,000 for projectiles," Lewis continued. "The ordnance department in the first year contracted expenditures of \$2,000,000. We have delivered 2,000,000 extra rifles. We are making 1,000 rifles each day.

100,000 Machine Guns Delivered.
"We have delivered 100,000 machine guns. By July 1 the production will be 18,000 a month.

"The nation has spent \$500,000,000 on motorization of artillery, building vehicles faster than they can be shipped. Contracts have been let for 700,000,000 pounds of explosives. We have contracted for 3,500,000,000 rounds of small arms ammunition. Our production in this is greater than that of France or England."

America has become the great credit nation of the world, Senator Lewis added, bringing back millions of American securities from foreign countries.

FAVOR CRUSHING AUTOCRACY

Quakers Indorse Position of America in Present War.

New York, May 31.—The necessity of "crushing autocratic militarism," which was held to be "a continual menace to lasting peace," was emphasized in a report presented to the New York Society of Friends at its annual meeting here by a committee appointed a year ago to study the subject.

The report called upon friends to bind up the wounds of the nations, to help and sustain those who suffer in the fight and those dependent upon them, and to do all they conscientiously can to obtain a just and lasting peace for the nation and all peoples of the earth. The position of President Wilson, as outlined in his addresses, was approved.

German Socialists Aroused.

Geneva, May 31.—German Socialists, according to a Munich dispatch, have given notice that they intend to interpellate the Reichstag naval committee why, during last month 400,000 enemy troops embarked for France without the slightest apparent attention from submarines.

T. M. A. C. Needs War Workers.

New York, May 31.—Dr. John P. Mott, general secretary of the national war work council of the Young Men's Christian association, who recently returned from a two months' tour of the West front, announced that the Y. M. C. A. would begin at once a campaign to recruit 3,200 men and women for work with American, French and Italian troops, tripling the Y. M. C. A. staff at present in France and Italy. Plans will be made next Monday for a drive for a second Y. M. C. A. war fund.

PREMIER CLEMENCEAU.

Had Narrow Escape From Capture By Germans.

Premier Clemenceau of France had a narrow escape from capture by German Uhlans the other day. The French Official left a certain advanced point near the front only a few minutes before the arrival of the Germans.

AMERICANS ARE READY

French May Place Every Available Man in Battle Line.

Yankee Soldiers Are Considering Part They May Play in Present Battle.

With the American Army in France, May 31.—The part they may play in the battle that now is raging to the northwest of their positions is being considered by the American soldiers.

There is no doubt that every available man in France will be thrown into the combat wherever the French high command deems necessary.

Whatever is to be done will not be known however, until the Americans are actually engaged for it would be inadvisable to discuss troop movements of any character.

The battle between Soissons and Rheims has drained all activity from the zone in which the main body of the American expeditionary forces hold positions. Except for aerial fighting, quiet is reported from all the fronts.

The American heavy artillery obtained direct hits on a big ammunition dump of the enemy east of St. Mihiel, which blew up with a terrific explosion, the flames and pillar of white smoke shooting many hundred yards in the air.

RELENTLESS U-BOAT WAR

Civic Association Plans Drive to Promote Thrift.

Wilkes Barre, Pa., May 31.—"Our first business is to hunt the submarine. We have hunted them and will hunt them until they dare not appear as assassins of men and women. Our business is to open the roads to France," said Joseph Daniels, secretary of the navy, in a Memorial Day address here.

"We have carried many hundred thousand soldiers. In a few weeks the number will reach 1,000,000 and in a few months it will reach 2,000,000 and if need be 10,000,000 to win the war," the secretary said.

CHECK ATTACK AT CANTIGNY

Americans Repulse Fifth Ten-ton Assault With Heavy Fire.

With Americans in Picardy, May 31.—The fifth successive counter attack against Cantigny was repulsed by the Americans.

Yankee artillery responded to the German barrage with heavy and effective fire. Machine guns raked enemy positions.

The new American positions are rapidly being strengthened. Infantry and engineers digging in regardless of constant Boche shelling.

Tornado Wrecks Farm Buildings.

Fairfield, Neb., May 31.—Nine persons were injured when a tornado swept away the house at the Roy Ridgeway farm near here. Outbuildings were wrecked also. Several other farm places suffered heavy property damage.

Rain marred the fine Memorial Day program outlined. There was no parade and all adjourned to the opera house Thursday where the exercises were held under the direction of the chairman, Supt. W. C. Cobb.

Dr. J. M. Walters of St. Paul was the orator of the day and gave a patriotic address which drew hearty applause. He showed how through the ages people remembered ill deeds done them and oppression. Americans remembered the Maine and wrested Cuba from Spain and made Cuba free. Americans remembered the Alamo and defeated the Mexicans.

"America expects every man, woman, boy and girl to do his duty. And so does the allied world. The noble dead expect us to do our duty. Any weak heart, any pacifist who hoists a signal to stop fighting, should be met with the reception which Nelson gave when ordered to cease firing. He turned his blind eye to the signal, said he saw nothing and continued the fight which resulted in a glorious victory."

America was fighting for the liberation of the world, to make it safe for democracy.

He paid a tribute to the Grand Army, to the boys of the Spanish-American war and to the boys now called to France.

The Imperial male quartet sang, the Brainerd City band played inspiring selections under the direction of Richard H. Rehl, school children sang, the G. A. R. post carried out the impressive ritual of the organization and wreaths for the departed dead, army and navy, and mothers too were draped near the flag. The invocation was delivered by Rev. G. P. Sheridan.

Commander Albert Fox delivered a patriotic address. Henry Lagerquist recited Lincoln's Gettysburg address. "Taps" was played by the band.

Had the weather been fair, as it has the past nine years the city would have witnessed an immense outpouring and the parade would have been the most impressive in years. Many organizations, labor and fraternal, and other representative bodies, had made preparations to march, as had also the schools, Machinists drum corps and others.

Had it been generally known that the exercises would take place in the opera house, the crowd would have been larger.

Archbishop of Rheims Advised to Leave City

(By United Press)

Paris, May 31.—Cardinal Lucon, of Rheims, advised to leave there, a telegram to the pope says. The pope is replying through Cardinal Gaspari, says the Archbishop Lucon has shared the suffering of the people of Rheims, and expressed anxiety regarding the magnificent Cathedral of Rheims, and says he will petition the Germans to spare what remains of the edifice.

—MAKE W. S. S. PLEDGES—

Bonds Offered at Premium.

Washington, May 31.—Nearly \$45,000,000 farm loan bonds of the new issue, bearing 5 per cent, have been sold during the last nine days in the intensive campaign conducted by the farm loan board through a group of bond dealers. It was announced that the campaign would be continued until about September 15, or shortly before the fourth Liberty Loan drive is started, and the board hopes to dispose of \$75,000,000 bonds by that time to provide funds for farm loans up to January 1, 1919.

OFFICIAL NEW CALL FOR 250,000 MEN IS MADE

(By United Press)

Washington, May 31.—An official call has been made for 250,000 men to entrain June 24. Every state is affected.

German Aviators Attack Hospitals

BY FRED S. FERGUSON.

(Staff Correspondent, United Press) May 31.—German aviators attacked three hospitals in the rear of the American area Wednesday night. They dropped bombs and swept low over the hospital tents deluging them with machine gun fire. This attack on the eve of Corpus Christi, when the Boches obtained immunity for their own towns through intercession through the pope by the German archbishop of Cologne. The hospitals were carefully identified with large crosses.

Contrasted with the Hun barbarity was the touching memorial day exercises. French women and children participated, and the Salvation Army helped prominently.

Casualty List

(By United Press)
Washington, May 31.—General Pershing reported 60 casualties.

War Savings Poster That Won \$1,000 Prize

"Help Stop This," a war savings poster by Adolph Treidler, won the first prize of \$1,000 in a competition under the New York War Savings Committee and the American Institute of Graphic Arts. No fewer than 2,200 drawings were shown. Treidler's poster shows a giant German, in field gray uniform, dragging his gun through a ruined French village. He carries a knife, red with the gore of his victims and between his feet is the prostrate form of a dead woman. Shells have torn up the ground. In the background is a church, but the figure of the Hun towers over all. The sky is a deep blue.

HONOR R. E. CODY

COLONEL ROOSEVELT.

Says Autocracy Must Be Given Knockout Blow.

In an address at Milwaukee, Colonel Theodore Roosevelt said it was the duty of everyone to get squarely behind the men at the front and help crush autocracy.

WILSON DRIVES RIVET

President Attends Keel Laying Ceremony at Alexandria, Va.

Mrs. Wilson, Guides Last Verrill Plate Into Position and Names Freighter.

Alexandria, Va., May 31.—A hand was lent by President Wilson in driving a rivet in the keel of what will be the steamer Gunston Hall, a 9,400-ton freighter, being built for the Shipping Board.

Mrs. Wilson also played a part in the keel laying, guiding the last vertical plate into position and naming the ship as she did so.

"I haven't got my union card, but I guess it's all right," laughed the president, as he clapped a sturdy workman on the shoulder after the white hot end of the rivet had been beaten to a round head, neatly edged against the keel plate.

"Pretty fair work," commented the shipbuilder with a grin.

A great crowd saw the beginning of the first ship to be built in Alexandria since the days when four-masted flourishers on the Potomac and Chesapeake bay.

In the party from Washington were Senators Martin of Virginia, Simmons of North Carolina and Fletcher of Florida; Speaker Clark, former Speaker Cannon, Representative Carlin of Virginia and other notables.

HEALTH CONDITIONS GOOD

Surgeon General Reports on Camps for Week Ending May 24.

Washington, June 1.—General health conditions through home camps continue to be good, the surgeon general of the army stated in his health report for the week ending May 24. Pneumonia prevails extensively at Camp Travis, Texas; Dodge Iowa, and Gordon, Georgia; with measles prevalent at all cantonments. Deaths decreased from 178 last week to 161 this week.

Turn Mules Into Music.

New York, May 31.—"Music for mules" is the commercial proposition the United States is making to Spain, according to a statement issued here by the National Piano Manufacturers association. Spain is selling large numbers of mules for war purposes to American agents and with the proceeds is buying pianos and other musical instruments. The Spanish people, it is inferred, are unusually prosperous, owing to war business.

BRITISH HOLDING THEM TO EAST, NORTH & WEST OF THE CITY

BY HENRY WOOD, (Staff Correspondent United Press)

With the French Afield, May 31.—The Germans are determined to capture Rheims. With the British holding them fast to the east and north and west of the city, the huns are starting an encircling movement from the southwest, hoping to surround it, and will attempt to take Ferentarned in this attempt.

—MAKE W. S. S. PLEDGES—

German Advance Checked by Stubborn Resistance

(By United Press)

London, May 31.—Thanks to the stubborn allied resistance and the close co-ordination of the French and British forces, the German thrust toward Paris in Soissons-Rheims sector has been checked. The allies are falling back slowly. Recent developments have demonstrated the brilliancy of the supreme allied command recently established.

American Marksmanship Fatal to the Germans

By TAYLOR

(United Press Staff Correspondent)

With the Americans in Lorraine, May 31.—Medical officers report that practically every German body found after Wednesday night's raid in the Lunneville sector were shot through the head or heart, showing the quality of American marksmanship.

The German prisoners say the attack on the Lunneville sector was to gain American prisoners, getting information, and to cause the Americans to rush reinforcements from the Picardy sector. They failed to take American prisoners and seventy Germans were killed or wounded.

Germans Bomb Hospital, Kill Women Nurses

By WILLIAM PHILIP SIMMS,

(Staff Correspondent United Press)

With the British in France, May 31.—German airmen on Corpus Christi day again bombarded a British hospital far behind the lines, killing women nurses and patients and setting fire to the buildings. They dropped flames to reveal the hospitals, then dropped a number of huge bombs. One secured a direct hit on a large hospital prominently displaying a Red Cross, and wrecked the building. The nuns were pinned under the wreckage.

The front is generally quiet.

An unusually large crowd is expected because of the well known character of the commencement day orator, Dr. C. W. Burns. He will deliver a stirring patriotic address. Every seat will be filled to hear him. 120 seats allotted to parents of graduates will be taken out before the plat is opened.

Your health and the health of your children is endangered by dirty, unsanitary rugs. Let Olson clean them the sanitary way. Phone 975. 292tf

DEFENSE COUNCIL IS URGING THRIFT

WARNS THE PEOPLE TO AVOID WASTE AND CONSUMPTION OF WAR ESSENTIALS.

MUST PRACTICE ECONOMIES

Some Members of Congress May Be Confronted With Their Poor Attendance Records When They Seek Re-Election Next Fall.

By ARTHUR W. DUNN.

Washington.—Among its many activities in connection with the prosecution of the war, the council of national defense is doing all it can to encourage saving and thrift among the people, so that all the available money earned can be used to help the government. In carrying out this idea the council has taken particular pains to urge people to avoid unnecessary expenditures and not to spend money for nonessentials. When Frank A. Vanderlip took charge of the sale of the War Savings stamps he made a tour of the country urging a similar attitude on the part of the people. At that time a question arose as to whether such a program might not be carried too far and result in a curtailment of business which would ultimately have the effect of cutting down the revenues of the government on account of curtailing income and excess profits taxes.

The present plan of the council of national defense is more in the direction of avoiding waste and to reduce the consumption of all raw and manufactured materials which are considered essential in the conduct of the war. That such a campaign is necessary is an indication that our people do not yet fully realize just what economies and sacrifices must be made in order to carry the war to a successful conclusion.

Several states and some of the congressional districts are very lenient with their senators and representatives in the matter of attendance upon the sessions in the senate and house of representatives. The absenteeism of some particular senators is most remarkable, some of them staying away months at a time and others appearing in the senate for a few days and then disappearing again. The same is true in the house of representatives. There are men who are rarely recorded on any vote. Even when they are in Washington they do not take the trouble to attend the sessions of the house. Possibly some of these men will have their records sprung upon them when they go into the campaign for re-election this fall.

There are several men in the senate who might make better Supreme court justices than senators. One of these is Knox of Pennsylvania, who has been a senator twice and twice a cabinet officer. Another is Kellogg of Minnesota. Kellogg was in the way of becoming a Supreme court justice once, for it had been arranged that he was to be attorney general in the Taft cabinet. But the best laid plans sometimes miscarry. The arrangement fell through and Kellogg is now in the senate. His speeches on legal and constitutional questions show that he would have been an ornament to the Supreme bench.

Very often when a senator succeeds in getting a bill up for consideration it takes him a great deal longer to get action on it than he expects. Other senators break in and beg him to lay aside his bill so that they can get through some measure of their own "that will require hardly any debate." If he yields to one, senatorial courtesy demands that he yield to all, and he finds himself working his bill through in fits and starts. So the more tender-hearted senators looked on with considerable envy and admiration when Senator Pomerene of Ohio, refusing to permit interruptions, pushing and pulling with might and main, steered his District of Columbia anti-profititeering bill through in three days.

Most "new" congressmen are wall-flowers, so to speak, but some few of the "younger set" are not bothered by knowledge of their short service. One is Walsh of Massachusetts. Walsh is only half way through his second term, but he is the most active man on the floor. He is present day in and day out, offers amendments, argues parliamentary questions, discusses everything, and mixes in generally, regardless of whether the oldtimers like it or not. Another "youngster" is Meeker of Missouri, who, like Walsh, is serving only his second term. Meeker is not so active as Walsh, but he is particularly earnest and emphatic about whatever he thinks and expresses himself in a most awe-inspiring voice.

The men who make our laws, like anyone else, always seem to enjoy shaking a forefinger at their colleagues while remarking "I told you so." Especially is this true of the senate. Hardly a day goes by without some senator producing a more or less ancient copy of the Record and reading from it to show that some calamity he once predicted has come to pass, or that some pet theory he advocated years ago has proved its value.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then, to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

SO EASY! LIKE ROLLING OFF LOG

Sore, touchy corns stop hurting, then lift right out with fingers

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without pain.

A quarter ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin. After you lift away the troublesome corn or callus the skin underneath is as pink, firm and healthy as the palm of your hand.

WOMAN'S REALM

CALL FOR RED CROSS NURSES

The Northern Division A. R. C. has issued a circular letter to all Chapters, calling upon them to enlist nurses for Red Cross work abroad. Mrs. J. A. Thabes, chairman, has appointed the following committee to begin an active canvass of Crow Wing county to secure the names of eligible nurses for Red Cross work: Mrs. G. I. Murray, chairman; Mrs. Geo. Berggreen, Miss Jessie Johnson, Miss Elizabeth O'Connor.

The committee members are all trained nurses and will give the benefit of their experiences and knowledge of the work to those who enlist for service for the nation. The following circular letter explains itself:

Letter to Chapter

To Chapter Chairmen:

The Red Cross must have more nurses! The demands from the front are increasing daily. Thousands of our boys are going "over there" each week, and it is the duty of the Red Cross to leave nothing undone that will bring them back to us.

We must have more nurses! The lives of your sons depend on it. We have the best medical service in the world, but without an adequate number of trained nurses it cannot do its work.

We must have more nurses! The boys go "over the top" with twice the fire if they know that back of the lines there are hospitals and nurses to care for them if they fall.

There are nurses in your town who ought to go. It is the duty of the Red Cross, it is your duty, to find them. A general appeal will not bring the results. They must be reached by individual appeal. Hand picking is necessary.

How should you go about it? Appoint a small committee of the most influential people in your Chapter. Have them secure a list of all registered and eligible nurses within your Chapter territory. The committee should then visit each of the nurses and convince her that it is her duty to enlist.

Nine hundred nurses must come from the Northern Division before July 1. This will mean sacrifice on your part, as well as theirs. You must do without nursing care in order that your wounded boy may have it.

Your committee should start on this work at once!

Please notify us of the appointment of your committee and of each nurse whom you enroll. A supply of leaflets and posters are being sent you.

Yours very truly,
F. T. HEFFELFINGER,
Division Manager.

FLIERS FIGHT TWO FOES

Wounded American Airman Destroys One German Uplane.

With American Army in Lorraine, May 31.—Lieut. John A. Hamilton of Maryland, wounded in an encounter with two German biplanes, disabled one of his opponents and then followed the falling machine almost to the ground to insure its destruction.

Lieutenant Hamilton was patrolling with Lieut. W. M. H. Taylor of New York when the sighted two German machines. They promptly attacked. In the first volley, Hamilton was wounded by a machine gun bullet, but sent one of the enemy planes careening toward earth.

Despite his wound, Hamilton dived after the falling plane, peppering it with machine gun fire. A short distance from the ground it burst into flames and dropped with a crash.

Winsome Childhood.

The growing child frankly finds himself the most interesting person in the world, and we forgive him to some extent and attempt to show him that he must conceal his personal liking for himself. Some of us may recall the story of the little boy who had been a delightful listener while his mother (real bore) told the neighbors of his cute little manners and ways.

Musical Program

Peterson-Stephens

Wednesday evening at 6:30 o'clock in the auditorium of the new Methodist church occurred a very impressive church wedding when Miss Frances Gladys Stephens of Brainerd and Martin Luther Peterson of South Bay Lake were united in the holy bonds of matrimony. The beautiful Methodist Episcopal ring service was used, Rev. F. W. Hill, pastor of the church, officiating.

The immediate relatives of the bride and groom and their near friends were present to witness the ceremony.

As the wedding party approached the bridal altar the strains of Lohengrin's Wedding March greeted the ear. "Melody of Love" by Engelmann was played as the sacred vows were taken and during the congratulations Mendelssohn's Wedding March.

Miss Esther Peterson, a sister of the groom and Alfred Peterson, a brother of the groom acted as bridesmaid and best man.

The bridal gown was of green chiffon silk with georgette crepe trimmings. The bridesmaid wore old rose marquisette. Both carried beautiful arm bouquet of pink roses and ferns.

The groom is the son of Mr. and Mrs. J. C. Peterson of South Bay Lake and the bride the daughter of Mr. and Mrs. Albert Stephens formerly of Pine City.

The guests were Mr. and Mrs. J. C. Peterson, Mr. and Mrs. John A. Peterson, Chris Sorenson, Mrs. Sarah Peterson, Miss Esther Peterson, Alfred Peterson and Lawrence Peterson.

Hearty congratulations are extended to this young couple as they start out together on their wedded life.

WOMAN UNDER CLOSE GUARD

Miss Lusk Collapses After Her Conviction of Murder.

Waukesha, Wis., May 31.—Miss Grace Lusk, who choked Prosecutor D. S. Tullar when a jury found her guilty of second degree murder, is under close guard in her cell here and it is feared she may attempt to take her life to escape the sentence of 14 to 25 years in the state penitentiary.

Miss Lusk is under the care of two nurses and a specialist, still unnerved by the verdict which drove her in a maniacal fury at the prosecutor's throat, screaming, "He lied my life away."

It was the most sensational ending to a murder trial in Wisconsin's court history.

FRIDAY, MAY 31, 1918.

ADVERTISING PRICES INCREASED

Because of the abnormal conditions now prevailing in the printing business due to the war, we are compelled to announce an increase in advertising rates. All printing and publishing costs have advanced from 50 per cent to over 100 per cent, besides which living expenses have steadily increased, as everyone knows.

Therefore, beginning with June 1, 1918, the rate for display advertising will be 20 cents per inch for the first insertion, and 15 cents an inch for each additional insertion, and 25 cents an inch for transient display advertising. This is a flat rate and covers all display advertising, with the exception that all existing contracts will be continued at the old rate until contract expires. Special rates will be made on long time contracts.

Locals and readers will be 7 cents per printed line each insertion. All legal advertisements are to be at full legal rates, viz: 75 cents per folio for the first insertion and 35 cents per folio for each subsequent insertion.

Political advertising will be charged for at the same rate as legal advertising.

INGERSOLL & WIELAND,
 Publishers The Brainerd Dispatch.

FAITH IN BRAINERD

The fact that in spite of the high cost of building material and the scarcity of labor, considerable building, remodeling and repairing is being done and being planned in this city and vicinity. This is a substantial indication of the faith men of means and property owners generally have in Brainerd and its business future.

Con O'Brien is to erect a two story brick building on Laurel street, to replace the frame structure at present located on valuable lots he owns on that thoroughfare. R. R. Wise began operations soon after the disastrous fire of last spring which reduced to ruins buildings on Front street and a handsome brick structure is in the course of construction. Tenants for every room in the building have been secured, in fact modern office and store rooms are in brisk demand in Brainerd and the demand for up to date residences far exceeds the supply.

It augurs well for the future of Brainerd as a business and residence city, the fact that men are investing their money under these unusual conditions and that many improvements are being made in the residence as well as the business districts. Those who look ahead with the clear vision of sound judgment feel that although building material is proportionately high with other commodities, now is the time to build rather than let a good property lie idle.

Real estate, in the opinion of men of good judgment, will never be any lower, rents will increase rather than decrease and business activity, once this war is over, will show a marked and permanent gain in the years to come. It is a matter of congratulation to those who are building up Brainerd and a timely suggestion to property owners, who are pinching the dollar in the hope that some time in the dim and distant future, one can build at a less cost or "get along" with an antiquated structure which has long since outlived its usefulness and is anything but an ornament to the site it occupies. The future of Brainerd, judging from the initiative taken by many owning residence and business properties, is attractive. And, it's a good town to live in, we all admit it.

DISPATCH WANT ADS PAY.

WARNING GIVEN
TO RAIL UNIONS

Director General McAdoo Says
 That Walkouts Will Not Be
 Tolerated.

HOLDING FEDERAL JOBS

Heads of All Labor Organizations
 Having Shopmen Among Their
 Members Are Notified Government
 Cannot Be Intimidated.

Washington, May 31.—Director General McAdoo has reminded railroad employees that they are employees of the United States in time of war and that a strike means a blow to their own government and the hampering of transportation essential to protect the hundreds of thousands of American boys fighting on European battlefields.

In a telegram to the heads of all labor unions having shop men among their members, Mr. McAdoo gave notice that the government cannot be coerced or intimidated and called upon railroad men to remain at their duty and rely upon him and the new board on railroad wages and working conditions for just consideration of their claims. He asked the union leaders to urge upon their men by wire the wisdom and patriotism of this course.

Threats of Walkouts.

A few days ago several hundred machinists and shopmen at Alexandria, Va., left their posts in Southern railroad shops in protest against small increases given them under the director general's new scale of higher wages, and there have been threats of a general walkout of union shopmen next Monday unless substantial further pay advances are forthcoming before that time.

"The strike of certain shipmen, machinists, etc., in the railroad shops at Alexandria, Va., has created a very painful expression on the public mind," said the director general's message. "I cannot believe that these men knew what they were doing. They are all employees now of the United States government. They are not employees of any corporation, therefore this was a strike against the government of the United States.

"This is the first time in the history of our government that any of its employees have attempted a strike against their government. Such action is incredible. For the good of our beloved country and for the honor of railroad men in the service every where I hope there will be no repetition of what everyone must condemn as unpatriotic in the highest degree.

"The government cannot, of course, be coerced or intimidated by any of its employees. It is anxious to do justice and will do justice to all, as far as it is possible to measure justice."

CONFIDENT LINE WILL HOLD

Washington Military Men Say Germans Cannot Succeed.

Washington, May 31.—Military opinion here was that the German success at Soissons will bring to the attackers little real benefit and that the present contour of the line gives no cause for grave uneasiness.

Although the Germans in the last three days apparently have advanced at a rate of about five miles a day, there has been nothing to indicate any danger of a break.

Along the whole front of attack no such moment has come as that in March, when a hole was made between the French and British armies. In the Aisne battle it is apparent General Foch has so thoroughly welded the two armies that there appears little danger of a rupture.

WAR EXPENSES INCREASING

Are One Billion Dollars More Than in May Last Year.

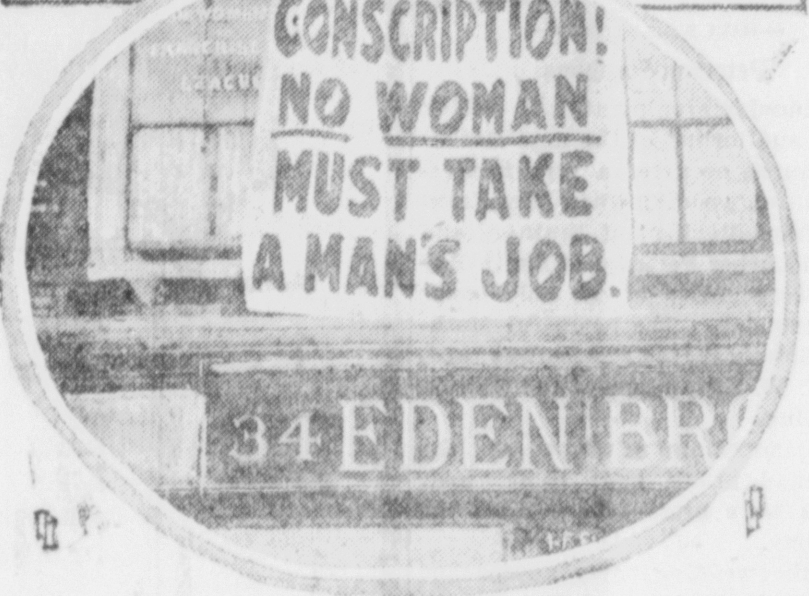

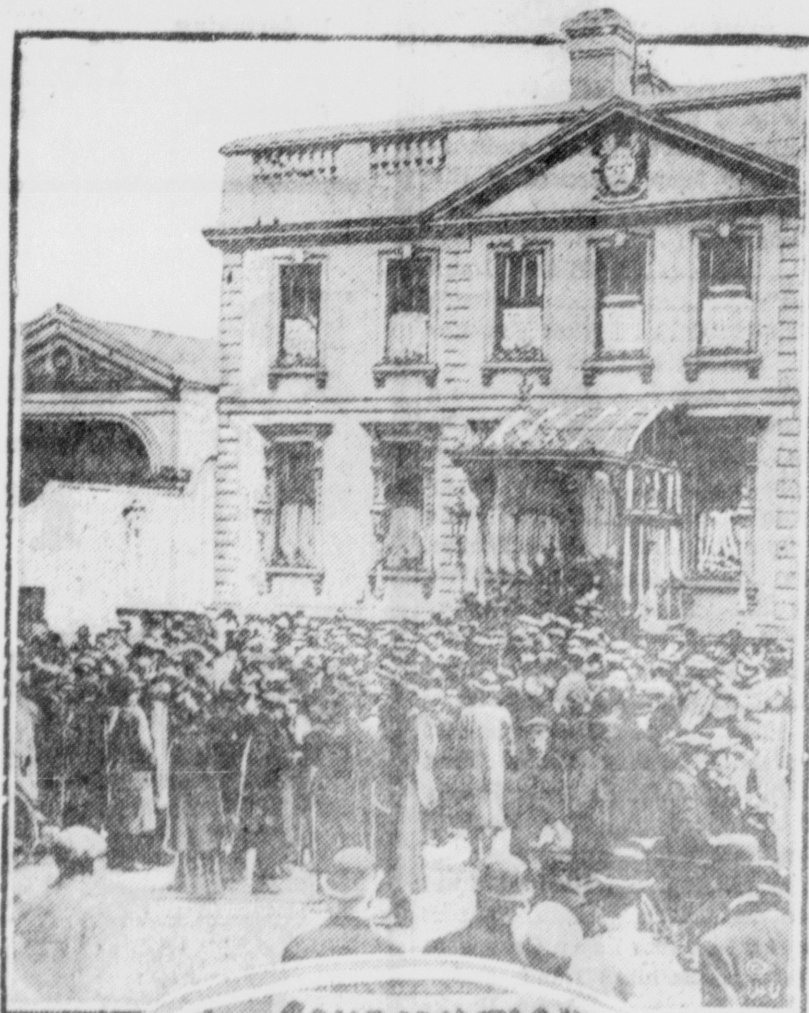

Washington, May 31.—War expenses for the present month will total approximately \$1,000,000,000 more than the expense for carrying on the war in May, 1917, according to estimates of the Treasury department made public.

While loans to the Allies for this month total practically the same as the loans of a year ago, the other expenses show a large increase.

Revenues have more than kept pace proportionately with expenses, however, according to figures which do not include receipts from Liberty Loans, war savings and like sources. In May, 1917, the regular revenues of the government amounted to \$197,632,000 while the estimated revenues for the month ending May 31 are placed at \$650,000,000.

Day of Prayer in Gotham.

New York, May 31.—Although none of the time honored features of Memorial day were overlooked in New York, the dominant note of the observance was distinctly religious and thousands of persons thronged the churches for prayer and meditation, in keeping with President Wilson's proclamation. Special services were held in churches of all denominations, but the chief event of the devotional program was a solemn military field mass at Battery park for thousands of soldiers and sailors.

Irish at Mansion House in Demonstration
Against Conscription; Women Enter Protest

These photographs, taken just before the arrest of many Irish leaders in connection with a German plot, show the feeling against the British government. The upper picture shows a demonstration at the Man-

sion House during a meeting of the Irish leaders there. The lower photo is of the Women's Franchise League headquarters in Dublin, indicating they would strike if men were called from their work to the army.

GROCCERS HELP
IN 50-50 PLAN

SIGN PLEDGE TO CARRY OUT
 FOOD ADMINISTRATION
 PROGRAM.

POST CARDS IN STORES.

Explain New Wheat Ruling to
 Thousands of Customers—In-
 sures Greater Food Saving.

Grocers of the nation have accepted enthusiastically the 50-50 basis for the purchase of wheat flour and are doing their utmost to explain the new regulation to the housewife. This ruling by the U. S. Food Administration requires each purchaser of wheat flour to buy one pound of cereal substitute, one kind or assorted, for every pound of wheat flour. It was necessary to restrict the use of wheat flour in order that the allies and our fighting forces abroad might be assured of an adequate supply of wheat to meet their vital needs. This supply must come from our savings because we have already sent our normal surplus.

Wheat saving pledge cards were forwarded by the Food Administration to all retail food merchants, and these are being signed and posted in stores throughout the country. This card states, "We pledge ourselves loyally to carry out the Food Administration program. In accordance with this order we will not sell any wheat flour except where the purchaser buys an equal weight of one or more of the following, a greater use of which in the home will save wheat:

"Cornmeal, corn flour, edible corn starch, hominy, corn grits, barley flour, potato flour, sweet potato flour, soy bean flour, feterita flour and meals, rice, rice flour, oatmeal, rolled oats and buckwheat flour."

Some confusion has resulted on the part of the consumer in construing this "50-50" ruling to mean that an equal amount in value of substitutes must be purchased with wheat flour. This is a mistaken idea. The ruling states that the consumer in purchasing flour shall "buy at the same time an equal weight of other cereals."

One exception to this ruling is concerning graham flour and whole wheat flour, which may be sold at the ratio of three pounds to five pounds of wheat flour. This provision is made because approximately 25 per cent, more of the wheat berry is used in the manufacture of these flours than standard wheat flour.

Another exception is that concerning mixed flours containing less than 50 per cent of wheat flour, which may be sold without substitutes. Retailers, however, are forbidden to sell mixed

flours containing more than 50 per cent of wheat flour to any person unless the amount of wheat flour substitutes sold is sufficient to make the total amount of substitutes, including those mixed in flours, equal to the total amount in wheat flour in the mixed flour. For instance, if any mixed flour is purchased containing 60 per cent, wheat flour and 40 per cent, substitutes it is necessary that an additional 20 per cent, of substitutes be purchased. This brings it to the basis of one pound of substitutes for each pound of wheat flour.

A special exemption may be granted upon application in the case of specially prepared infants' and invalids' food containing flour where the necessity is shown.

Some misunderstanding seems to exist on the part of consumers in assuming that with the purchase of wheat flour one must confine the additional 50 per cent, purchase to one of the substitutes. This is not the case. One may select from the entire range of substitutes a sufficient amount of each to bring the total weight of all substitutes equal to the weight of the wheat flour purchased. For instance, if a purchase of 24 pounds of wheat flour is made a range of substitutes may be selected as follows:

Cornmeal, 8 pounds; corn grits, 4 pounds; rice, 4 pounds; buckwheat, 2 pounds; corn starch, 1 pound; hominy, 2 pounds; rolled oats, 3 pounds.

These substitutes may be used in the following manner:
 Cornmeal, 8 Pounds.—Corn bread, no flour; corn muffins or spoon bread, one-fourth flour or one-third rice or one-third hominy; 20 per cent, substitutes in whole bread.

Corn Starch, 1 Pound.—Thickening gravy, making custard, one-third substitute in cake.

Corn Grits, 4 Pounds.—Fried like mush, used with meal in making corn bread.

Roller Oats, 3 Pounds.—One-fourth to one-third substitutes in bread, one-half substitute in muffins; breakfast porridge, use freely; oatmeal cookies, oatmeal soup.

Buckwheat Flour, 2 Pounds.—One-fourth substitute in bread, buckwheat cakes.

Hominy, 2 Pounds.—Boiled for dinner, baked for dinner, with cheese sauce.

Rice, 4 Pounds.—One-fourth substitute in wheat bread, one-third substitute in corn bread, boiled for dinner (a bread cut), as a breakfast food, to thicken soups, rice pudding instead of cake or pie, rice batter cakes.

Several grocers have stated that their customers who strictly observe the 11 wheatless meals each week find it necessary to buy substitutes in addition to those ordered under the 50-50 plan.

MRS. LILLIAN PURDY
RED CROSS WORKER

War joins hands of Canadian and American women. Mrs. Lillian Houser Purdy is chairman of the Red Cross section of the American Woman's club in Canada. Mrs. Purdy's section made 1,000 garments and innumerable socks during the club months, and sent them, together with many other parcels, to the Royal Canadian regiment, which was composed almost wholly of Americans settled in western Canada and which, although greatly depleted early in the war, was again recruited from the same group of settlers.

Ordered Before Medical Board.

Camp Dodge, Des Moines, May 21.—Col. George R. Greene, commanding the 337th field artillery, has been ordered before a board of medical officers for examination to determine his physical fitness for overseas service. Colonel Greene commands the regiment, which was primarily an all Minneapolis organization. He is recognized as one of the best qualified artillery officers in the service. Before the present war and during the Mexican trouble, Colonel Greene was mustering officer at Fort Snelling.

Rice Culture and Malaria.

It has been found that the culture of rice in the United States, as in other countries where the matter has been investigated, is attended by the production of enormous numbers of Anopheles mosquitoes, but to what extent the prevalence of malaria is influenced thereby has not yet been accurately determined. A study of this question is being carried on at Crowley and Lake Charles, La., by the United States public health service.—Scientific American.

FINDS DEATH BY POISONING

Simon Peterson, age 54, Committs Suicide Decoration Day Evening by Taking Carbolic Acid

DIED IN ABOUT FIVE MINUTES

Leaves Wife and Eight Children, had Lived near Rice Lake the Past Twelve Years

Simon Peterson, of 1316 Northeast Woodward Avenue, for twelve years a resident of Northeast Brainerd near Rice lake, on Decoration Day evening at 10 o'clock committed suicide by taking carbolic acid. He leaves a wife, Ingaborg Peterson, and eight children. The latter range in ages from eight to 25. The oldest son lives in Portland, Ore. A married son, Sverre Peterson, lives near his father.

For two weeks past Mr. Peterson had been staying with a married daughter who lives five blocks away on Ash Avenue. He is reported to have come home Thursday evening and after a few words with his wife he retired from the kitchen to the dining room and then to the bed room where he took the acid and placed the bottle under a mattress. He then walked back to the dining room and fell upon the floor, dying in five minutes, in sight of the smaller children.

Calls were put in for doctors and Dr. J. A. Evert of the Northern Pacific hospital responded, but the man had passed beyond earthly aid.

Peterson has been employed as a laborer on the scrap dock at the railway shops for years and was well liked by his comrades.

The funeral will be held at 2 o'clock Saturday afternoon from the Bethlehem Lutheran church, Rev. M. L. Hostager officiating.

It has developed that Mrs. Peterson had started a divorce action alleging cruelty and inhuman treatment, that he was of a quarrelsome nature and had an ungovernable temper. She asked for the custody of the minor children and alimony.

The children are Peder age 23, Svarrie age 21, Pegu age 19, Ingaborg age 17, Harold age 14, Albin age 12, Melvin age 9 and Oscar age 8.

CALL TO REWARD

Mrs. Annastina Olson Kropp Died on Thursday Morning at Ripe Old Age of 82 Years

Mrs. Annastina Olson Kropp, age 82, died Thursday morning at 6:35 o'clock from the infirmities of old age. She was a widow, her husband having been called three years ago. She was a kindly lady, beloved by her many friends.

She leaves two sons, C. F. Anderson of Brainerd and John W. Anderson of Wadena and one daughter, Mrs. Swan Bergman of Clarissa. Mrs. Kropp made her home with her children and had been living the past eight months with her son in Brainerd. She had been ailing the past two years.

The funeral services will be held at the D. E. Whitney chapel at 9:30 o'clock Saturday morning, Rev. E. G. Carlson officiating. The remains will be sent to Wadena for burial.

"DRUNK" ON CIGAR

Charles Lindquist Fined \$20 in Municipal Court This Morning

When Charles Lindquist appeared before Judge Walter F. Wieland on a charge of drunkenness, he claimed he had not taken a drink or had been at Little Falls. He said any fall from grace was due to smoking a cigar.

Police proved Lindquist, upon his return to Brainerd, had mistaken the well known landmarks of his vicinity and had attempted to break into the wrong house to find his place of abode. He drew \$20 and costs.

ASSESSOR'S NOTICE!

I hereby give notice that there are about 300 assessment blanks still out which I have left during the month of May. These must be returned at once and properly signed, or I shall make them out solely on my own judgment or guess, as I must have my books completed by June 24th and I cannot properly arrange returns until nearly all are in.

Trusting this is clear to all property owners who have not returned their list.

H. SCHWARTZKOPF, ASSESSOR.

W. S. STAMPS NO CHILD'S GAME

Two Billion to be Raised by Stamp Sales, Crow Wing County Quota is \$357,000

TO BE GAINED BY JANUARY 1

Hun's Progress can be Stopped by the Stamps as Well as the Liberty Bonds of Nation

"The big purpose of war saving stamps is greatly misunderstood." "This," said H. F. Michael, chairman of the county committee, "is the big obstacle we have to overcome in the drive beginning on June 6th."

"The idea is prevalent that it is a child's game. This is far from the idea. \$2,000,000,000 is the amount to be raised and the government expects greater amounts than 25c purchases. Much larger purchases must be made if the result is obtained. The children have taken their part and it is the greatest education the children have had in thrift in a generation but big subscriptions must be made."

"An honor roll of those purchasing \$1,000 is to be started next week. Mention will be made of these purchasing \$500 worth. Then the average person will be expected to subscribe just as he did for the Liberty Loan and in amounts not much less. This is imperative if Crow Wing county goes over the top."

"The Hun is making greater progress than we hoped he could be made; he must be stopped and stamps will help as well as bonds."

There are 750 pupils in the Crosby-Ironton schools and each has bought stamps. It is a 100 per cent school on the purchase of these stamps.

LIEUT. LESLIE MARTIN

Winnipeg Free Press Tells How Officer Who Spoke in Brainerd Got Military Cross

The Winnipeg Free Press in its May 29th issue records how Lieut. Leslie Martin, who spoke at Brainerd at a loyalty meeting and exhibited the gas masks and told of trench raids and life at the front, gained his Military Cross.

The cable received from London today containing an account of the deeds of valor which won the Military Cross for Canadian officers, tells of the good work of Lieut. Leslie Martin, of Winnipeg.

According to the report, he led his men with great coolness during an attack and, when held up by a series of fortified shell holes, rushed forward, captured the entire garrison, and enabled the advance to continue. He took command of his company on the final objective when his company commander became a casualty, and organized the consolidation under heavy fire. He showed splendid courage and leadership. Lieut. Martin is the son of Mr. and Mrs. C. W. Martin, 116 Henry avenue, Winnipeg. He went overseas as a private with a Winnipeg unit in May of 1915, won the Military Medal last summer and was given his commission last fall. He is only 23 years of age.

\$55 FOR RED CROSS

Erglund Lutheran Church of South Long Lake Gains that From Chicken Dinner

In spite of the heavy rains on Memorial Day the chicken dinner given by the congregation of Erglund Lutheran church of South Long Lake was largely attended and Rev. M. L. Hostager, the pastor, reports \$55 was raised for the Red Cross.

The half day rain and muddy roads kept some people away, otherwise the receipts would have been much larger.

No griping or nausea. H. P. Dunn druggist. mwf

STATE TELEPHONE VALUATION WORK

Crew Headed by Samuel K. Stover of Minneapolis as Chief, D. F. Jorgensen, Chief Engineer

10,000 MILES OF TOLL LINES

Work of Valuation the Northwestern Lines Commenced this Week in Crow Wing County

Field work on the state telephone valuation was begun this week in Crow Wing county when a crew headed by Samuel K. Stover of Minneapolis as chief, started to make a detailed inventory in this county of all the property of the Northwestern Telephone Exchange company devoted to long distance or toll service. The task of appraising the value of the toll lines in Minnesota was imposed upon the State Railway & Warehouse Commission by the last legislature, and the commission entrusted the actual work to D. F. Jorgensen, its chief engineer.

He has about 10,000 miles of toll pole lines extending to every corner of the state to enter upon his reports, and as these must include a record of the condition of every unit entering into telephone construction, and that to the minutest detail, the task is an exacting one. If sufficient number of capable men will be available this season, it is expected that the outside work will be finished this year.

The notes now being taken will not only give the commission a complete record of the telephone property in this state, but the data will also form a basis in determining the reasonableness of the long distance or toll rates prevailing in Minnesota, which have been subject to some criticism.

The inventorying of the toll lines properties of the Tri-State Telephone & Telegraph Co. will be done later in the year.

—BUY W. S. S.—

CROPS GOOD IN THE COUNTY

Crops are flourishing in Crow Wing county. John Hurley reports seeing winter rye 18 inches high, which recent rains pushed from 6 to 8 inches in growth. Winter wheat is fine. Spring wheat is 6 inches high. Potatoes are coming up. Cut worms were reported in a patch of sugar beets. Tomato plants are thriving. Some tables have enjoyed home radishes.

The recent rains have pushed the meadows to the front and a fair hay crop now appears a certainty.

CHM. COHEN GIVES HIS REPORT

Acknowledges Valuable Services Rendered by Captains and Assistants in Wards

The committee in charge of the collection for the second Red Cross War Fund of the first district comprising the city of Brainerd, beg leave to submit the following report:

Total subscription from the employees of the Northern Pacific railway shops	2,781.91
Employees of the Parker & Topping foundry	503.35
Employees of the Northwest Paper Co.	528.35
Employees of the Northern Pacific yards	122.25
Employees of the Northern Pacific Track dept. and the B. and B. Dept.	113.43
Employees and patients of the N. P. hospital	111.50
Employees of the Northwestern Telephone Co.	55.00
Teachers of Brainerd schools	116.66
Employees of the Minnesota & International Ry. offices	82.00
Ladies Auxiliary, Ransford hotel and Post office	505.75
Eagles lodge, F. O. E. No. 287.	15.00
A. O. U. W. Lodge	15.00
Royal Neighbors	5.00
Eastern Star	5.00
Apostle Lutheran church	25.00
Bjornesterne Lodge, S. A. F.	10.00
Machinists Union, I. A. of M.	10.00
Brainerd Lodge of Elks, No. 615	50.00
Knights of Pythias	25.00
Northwest Paper Co.	100.00
Collection as made in balance of city which covers 1st, 2nd, 3rd, 4th and 5th wards	3,607.24
Total	\$8,787.42

The committee wishes to acknowledge the valuable services rendered by the respective captains of the different districts and wards and the solicitors who so ably assisted in making this Second Red Cross War Fund such a magnificent success in this city.

The list of those who participated is as follows:

J. P. Anderson, captain of the N. P. Railway shops.

Larry O'Toole and Harold Webb of the Parker & Topping Foundry.

Thomas G. Johnson, captain of the Northwest Paper company.

George Lowe, captain of the N. P. yards.

William G. McGarry, captain of the N. P. Track Dept. and the B. and B. Dept.

Miss Clara Small, captain of the Northern Pacific hospital.

L. V. Taylor, captain of the Northwestern Telephone Exchange.

Supt. W. C. Cobb, captain of the Brainerd schools.

Mrs. Fred Simpson, captain of the Ladies Auxiliary, Assisting Mrs. Simpson were Mrs. H. W. Linnemann

Mrs. C. A. Albright, Miss Cora Stickney, Mrs. W. A. Erickson, Mrs. C. G. Nordin, Miss Maude Williams,

Miss Mildred Skauge, Mrs. C. L. Burnett, Mrs. R. A. Belse, Mrs. R. J. Tinklaugh, Mrs. James Alderman,

Miss Marie Clark, Mrs. Robert Campbell, Miss Norma Brady, Mrs. George D. LaBar, Mrs. J. M. Elder, Mrs. Chas. Cooper, Mrs. Carl Adams, Mrs. E. O. Webb, Miss Margaret Keen, Miss Jule O'Brien, Mrs. Walter F. Wieland, Mrs. F. E. Stout, Miss Kittie Johnson, Miss Ella Mitchell, Mrs. Irma Hartley and Miss Isabel Irwin.

First Ward—Captain, B. L. Lagerquist; solicitors, C. B. Rowley, Louis Hohman, John J. Cummins, J. F. Hurley, A. R. Case, D. T. Lawrence, O. H. Johnson and Severn Swanson.

Second Ward—Captain, Judge W. F. Wieland; solicitors, Dr. Courtney, Wm. Nelson, Nels Johnson, Jay O'Brien, P. J. Oberst, W. S. Orne, Henry Linnemann, Wm. Spencer, Carl Adams, F. G. Hall, C. A. Albright, James H. Alderman, C. W. Mahlum, A. G. Trommald, Mons Mahlum, T. B. Brusegaard, Dan E. Whitney, Henry Clark, J. F. Vadnais, O. A. Peterson, John Woodhead, W. H. Crowell, W. A. M. Johnstone, Fred Sanborn, Harry Carlson, Mal Clark, W. H. Cleary, Harold Webb and Rev. Cody. West Brainerd, Erick Graff, E. C. Thabes and John Fourie.

Third Ward—Captains—Alvin A. Arnold and Hugo A. Kaatz; Solicitors, Mrs. F. W. Titus, Mrs. Hugo Rossine, Mrs. Clyde McDonald, Mrs. George Forsyth, Oscar Swanson, Miss Mable Anderson, Miss Clara Stein, Mrs. H. H. Strong, Mrs. Clara Whitley, Arthur T. Anderson, M. Congdon James Purdy, H. L. Kruger, Albert O. Anderson, and Joe Rudolph.

Fourth Ward—Captain, Swan

Johnson; solicitors, John Bye, John Hill, Ernest Ritari, Nels Ritari, Wm. McCloskey and Hilding Swanson.

Fifth Ward—Captain, Fritz M. Hagberg; Solicitors, Al. Mraz, Victor Carlson, Iver Benson, Dr. C. A. Nelson, Rev. W. J. Lowrie, W. E. Erickson, Ben Armstrong, A. E. Purdy, Ray Paine, Roy Sherlund, Giles O'Brien, Lewis Stallman and Gustav Halvorsen.

The quota apportioned to the city of Brainerd for this drive was \$4,000. The figures as above in response to this quota are eloquent of the stuff that Brainerd people are made of and the tremendous loyalty and patriotism evidenced in this answer to the amount asked for.

Respectfully submitted to the Brainerd Public,

HENRY I. COHEN, Chairman First District, Second Red Cross War Fund.

PAYS SOLEMN TRIBUTE

Nation Observes Memorial Day in Fitting Manner.

Services Are Held for Patriots of Present Conflict, as Well as Those of Former Wars.

Washington, May 31.—Memorial day was observed by a united nation paying solemn tribute to its heroes of the past and its heroes of the present.

In prayer and fasting, following out its President's request, the country took grave heed of the past and intense inventory of the present.

The withered ranks of Civil War veterans, who went tenderly to place on the tombs of the fighters of other days a garland of honor, were joined by those of the present generation who honored the living heroes and the dead martyrs of today's contest with autocracy.

Country Lines Obliterated.

The lines of North and South, long since obliterated, cast no shadow on the observance of this national holiday, for the Northland and Southland made of it a unified and consecrated time, sacred to the men of '64, but even more sacred to the boys of 1918 who fight not alone to save a nation, but to save a world.

President Wilson, following his own precept, attended church during the morning, joining in prayers for victory to the cause of America and her Allies. Later in the national cemetery at Arlington he participated in the impressive ceremonies of the Grand Army of the Republic.

Wreaths on the Potomac.

Down on the peaceful Potomac two gigantic rose wreaths were set adrift, markers for the graves of the Lusitania dead. Daughters of the American Revolution launched the first, the crew of a British warship the second.

These and other solemn services marked the national capital's observance of the day and throughout the land a determined folk joined in giving the latest sad tributes man can pay to man.

A Correct Answer is the Only Battery Insurance

Guesses at battery condition open the switch for battery trouble. You're running without signals unless you know what's doing inside your battery.

Has enough water been added?

Is your battery properly charged?

Has too much charging caused overheating?

And don't forget to ask about the "Bone Dry" principle. The Still Better Willard is the only battery that uses it and thus gives you absolute assurance that your battery is as new as the day it left the factory.

A Fight for Life

It has been fight or die for many of us in the past and the lucky persons are those who are now well because they heeded nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's, called "Anuric." You should promptly heed these warnings, some of which are dizzy spells, headache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water, and at each meal take Doctor Pierce's Anuric Tablets (double strength). You will, in a short time, find that you are one of the firm indorsees of Anuric.

St. Paul, Minn.—"For years I suffered from disordered kidneys. My back ached terribly, also my head. I let it run on until just lately, when I read in the papers of Anuric, and having known of Dr. Pierce and of his other medicines, I decided to try out this Anuric. I have been greatly benefited by it, and certainly advise everyone suffering as I did to take the Anuric Tablets."—Mrs. F. E. MARSHALL, 1007 Gaultier Street.

Step into the drug store and ask for Anuric, or send Dr. V. M. Pierce, Buffalo, N. Y., 10c for trial pkg. Anuric—many times more potent than lithia, eliminates uric acid as hot water melts sugar.

SMALL SPOONS AS REMINDER

Hotel Man's Idea Brought Good Results in the Decreased Consumption of Sugar.

At breakfast in a small hotel a traveling man noticed that the guests in the dining room were averaging about two spoonfuls of sugar to the cup of coffee, though the sugar was low in the bowl.

In the dining room of the railroad station where he got his lunch, the sugar bowl was empty. Nobody was grumbling about the scarcity of sugar or anything else, because the country was at war. But a man wearing spectacles did lift a big spoon out of the bowl where the sugar would have been.

"Wonder why it is customary for us Americans to shovel sugar instead of dipping it?" he asked a friend.

That night, at a hotel in the city, the drummer had dipped about four times with the after-dinner coffee spoon he found in the sugar before he got half as much sugar as he usually took. He looked at the negro waiter opposite and smiled.

"Yes, sah, mister," that black dignitary grinned, "that's what we call the little 'war spoon.' The boss, he says it helps people to remember; and they don't use much more'n half as much sugar since he put it in the sugar dish."—Eugene Blake in The Vigilantes.

—BUY W. S. S.—
George Washington's Title.
Did General Washington ever receive a title from the French government? Not a title of nobility, but near the close of the Revolutionary war he was commissioned lieutenant general of the French army and vice admiral of France in order that he might be commander-in-chief of the united forces of France and the United States, which were then co-operating.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, stomach attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments. People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

FORCE OF BLOW NOT YET SPENT

But British and French are Offering Stiffer Resistance to German Advance.

COMBAT STILL RAGES

Teutons Are Moving Their Forces in Fan Shaped Figure, Fighting Hardest on Flanks at Extreme Front of Their Line.

London, May 31.—The British and French armies are slowly but surely halting the plunge of the German crown prince's forces.

While the momentum of the German masses has not yet spent itself there has been a notable slackening in its advance. The chief efforts of the Germans now seem to be devoted to the widening of the gap they have torn in the positions of the Allies between Pinon and Brimont. This work seems to be progressing slowly against the desperate resistance of the Allied forces.

The French having fallen back from the limits of the city of Soissons have stood their ground against the attacks of the enemy, and the German official statement fails to show material advances there during the day's fighting.

The French are here fighting on familiar ground which has been made historic by numerous battles.

Some of the Forts Before Rheims Fall.

On the eastern end of the fighting line, some of the forts before Rheims are said to have fallen, which was to be expected from the fact that they had been outflanked by the tide of invasion that has swept far to the south of the city.

The fighting has taken on the familiar aspect of the first invasion of France in 1914, the advance of Von Mackensen, along the Dunajec and the fighting in Picardy in March. After breaking the French and British defensive positions, but not breaking the Allied line, the Germans are again moving their forces out in a fan-shaped figure, fighting hardest on the flanks of the extreme front of their advance.

The situation, while apparently extremely serious, has not assumed the critical aspect of the fighting late in March. The Allies are resisting the enemy's attacks stubbornly, giving ground when overpowered and always maintaining a solid front.

Advance Nears Marne Valley.

The wave of the advance is now approaching the valley of the Marne, the nearest approach to that avenue toward Paris being at the village of Vezilly, which lies at the extreme apex of the German wedge, is about seven miles from the river.

The German center is now exerting every ounce of its driving power to gain the Marne and therewith the Châlons-Paris railway at Dormans, Chateau-Thierry, and Ebernay. That line cut, the position of the French Champagne, Argonne, Verdun and Lorraine armies would become seriously menaced. But such a menace can arise only after Foch's reserves have been beaten, and France and Great Britain are supremely confident such a disaster is beyond the realm of possibility.

In 1914 the Germans advanced over a front extending from Braisne, just east of Soissons to Vouziers, a little west of Verdun. After having reached the Marne the Teutons turned the force of their advance toward the west, and they may be expected to repeat their tactics of four years ago.

BATTLE SITUATION BETTER

Allies Check Germans on Soissons and Rheims Flanks.

London, May 31.—The news from battlefield of the Aisne is more favorable, inasmuch as the Allies are holding the enemy on the two flanks at Soissons and Rheims and the Germans' rate of progress has been slowed down. The danger is by no means past, however, and fighting continues along the whole front, especially to the southward, the German official statement claiming that they are fighting their way toward the Marne from Fere-en-Tardenois.

According to the statement, the enemy claims to have taken 35,000 prisoners and a tremendous amount of booty in cannon and material.

Germans Execute 18 Belgians.
Amsterdam, May 31.—Eighteen Belgians have been executed by the military authorities in the last few days, the Echo Belge learns.

Cabinet Officers Farming.

Washington May 31.—Members of the President's official family are looking over their establishments to see if they have any servants engaged in "nonessential" occupations who might be employed more to the country's advantage elsewhere. Secretary Redfield told friends that the blisters on his hands were due to work in his yard and garden. "I'm afraid it's not going to be so much of a garden as it might have been," Mr. Redfield said.

TO BE WELL CARED FOR AFTER THE WAR

AMERICAN SOLDIERS IN GREAT CONFLICT WILL RECEIVE * PROPER RECOGNITION.

AGENCIES ALREADY AT WORK

Because of War Conditions, Senator Warren of Wyoming Will Stand for Re-election and Mondell Will Remain in the House.

By ARTHUR W. DUNN.

Washington.—America will take care of her soldiers of this war as she has the soldiers of past wars. Ever after the Civil war the Union soldiers were made a preferred class, not only by the granting of liberal pensions, but in politics and the government service. To have been a Union soldier was a distinct political asset when a man was a candidate for office. By law preference was given to old soldiers in the selection of men for the government service. Already agencies are at work to take care of the wounded and maimed soldiers of this great war, and when it is over there is no doubt that preference will be shown in many ways to men who have participated in the struggle.

There will be one difference between the soldiers of the present war and of the Civil war. There will be nothing sectional in their recognition. In all parts of the country, in every state of the Union, they will be hailed as soldiers of the Republic and entitled to the gratitude of the people.

Although President Wilson usually gets all he wants out of congress he knows that it is sometimes grudgingly granted. The gossip of the cloakrooms must be carried to him and he must be aware that there are some Democratic senators and representatives who talk to each other in a different manner from that which they use when speaking in the senate or house, or in vetting on some of the administration measures.

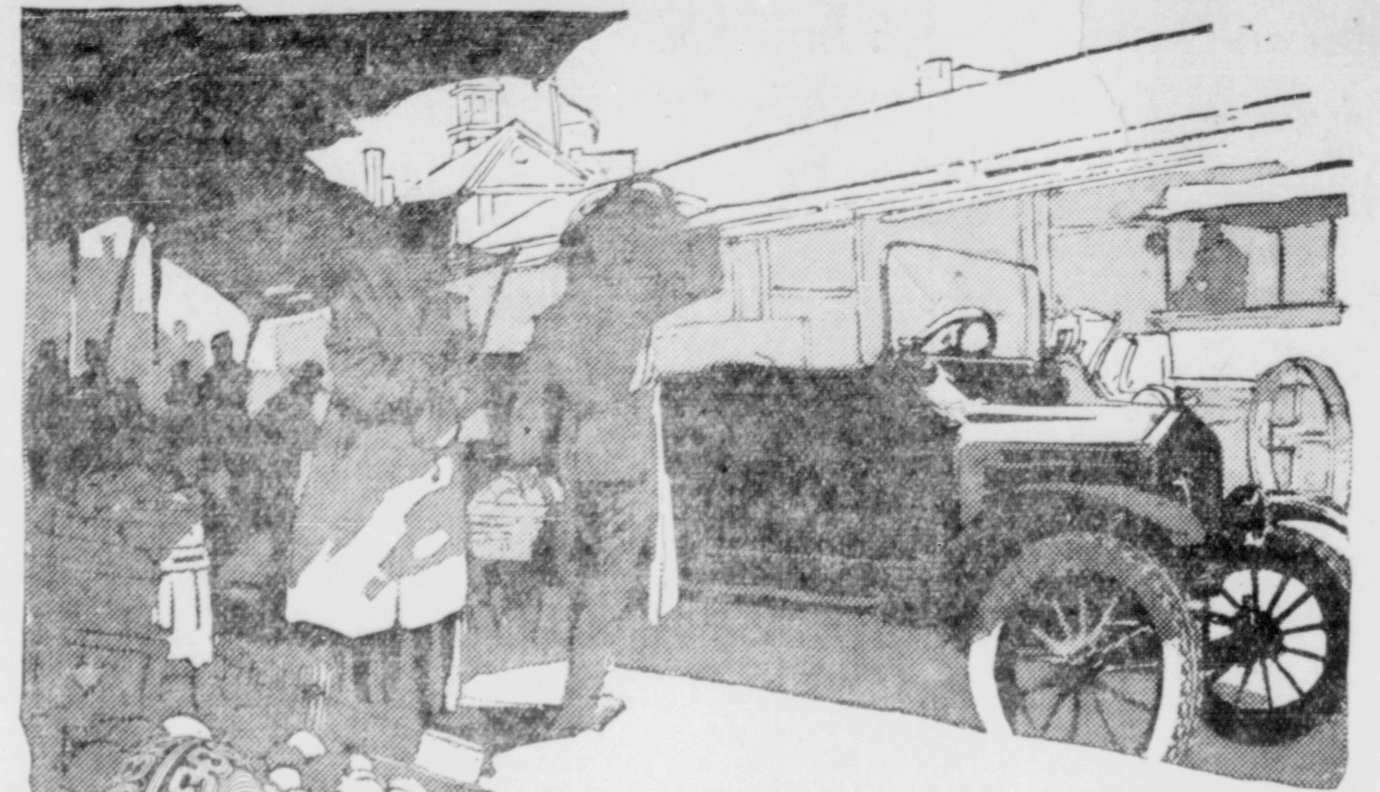

It is very doubtful, however, if any of this sort of talk worries the president to any great extent. Almost from the beginning of his administration, when the country was at peace, the same thing occurred, but it was rather amusing to Mr. Wilson. In war-times the president feels that, as full responsibility is placed upon him for the conduct of the war, opposition to his policies comes with bad grace, whether from men in his own party or in the opposition. At the same time, his friends say, he has been so successful in securing what he wants in the way of legislation that he need not be at all disturbed.

One representative in congress who was a candidate for the senate will probably remain in the house. Frank W. Mondell of Wyoming was a candidate for the seat now occupied by Senator Warren, as Warren had declined re-election. After the campaign had been running some time there was a consultation among the Wyoming people and the men engaged in war work and the conclusion was reached that on account of his long experience Senator Warren was a particularly valuable man to the government at the present time in his place in the senate. It was also pointed out that Mondell's position in the house made him a valuable member and the conclusion was reached that Warren should withdraw his determination not to be a candidate, and stand again for the senate, and that Mondell should retain his place in the house. And so it may be said that war conditions are responsible for preventing any change in the Wyoming situation at the present time.

Senator Reed of Missouri was going along on his well-known hobby in opposition to encroaching federal power. In the course of his talk he had a controversy with Senator Kenyon of Iowa in which he said that if the construction of some senators was correct, "then a government agent could be authorized to take the watch from the pocket of the senator from Iowa and turn it over to the senator from Missouri."

Kenyon said it was true the government could take his watch—"they would not want it probably; it is a cheap one—and turn it over to a soldier if it was essential."

While the house was debating a bill providing for rather extreme steps in the direction of prison reform a great many members joined in. Those who argued for the proposition claimed that they did so "on humanitarian grounds." Those opposed it remarked that their opposition was based "on humanitarian grounds." That didn't appeal to Congressman Smith of Michigan. "I want to say just a word about these dear prisoners," he said. "I have been on both sides in the trial of capital offenses. I have stood beside a widowed mother dressed in mourning, a widowed mother dressed in mourning, I have seen good people carrying flowers into jail and giving them to the prisoners who put that mother in mourning. I have seen the man feted and covered with sympathy in jail who knocked out the brains of a peaceful slumberer to get his money. I am for establishing justice. Prisoners are put in prison for the purpose of punishment, and are reformed incidentally."

War-Time Responsibility—Yours and Ours

National necessity has put a new responsibility on every motorist.

Utmost service is demanded—the highest usefulness of yourself and your car.

Service and economy are your only considerations.

Our responsibility goes hand in hand with yours.

As the largest rubber manufacturer in the world, it is our duty to supply you with tires of unfailing reliability and extreme mileage.

United States Tires are more

than making good in this time of stress.

They are setting new mileage records—establishing new standards of continuous service—effecting greater economy by reducing tire cost per mile.

There is a United States Tire for every car—passenger or commercial—and every condition of motoring.

The nearest United States Sales and Service Depot dealer will cheerfully aid you in fitting the right tire to your needs.

United States Tires are Good Tires

A complete stock of United States Tires is carried by the following Sales and Service Depots

Woodhead Motor Co., Brainerd
Johnson Bros., Fort Ripley

"SOFT SNAP" FOR PRISONER

Jail Declared Unsanitary, He Will Serve His Sentence in Office of County Commissioners.

Declaring that the county jail was insanitary and unfit for a human being to be confined in, and that the county authorities apparently are diffident about remedying the situation, Presiding Judge Kenneth Mackintosh ordered Joe Ambrose, who pleaded guilty to petty larceny, to be confined in the office of the county commissioners for 30 days.

Judge Mackintosh likewise intimated that more prisoners may be sentenced to the commissioners' office, unless steps are taken soon to provide better quarters for county prisoners than the present jail.

The order of the court was carried out after Ambrose had refused to enlist in the Canadian army in order to gain a suspension of his sentence. He is an Italian subject, and declared he was willing to fight for the United States, but not for Canada.

A cot was provided for Ambrose in the auditorium of the commissioners' office, and three deputy sheriffs, each working eight hours, will stand guard over him until his sentence is completed. Two extra deputies, and perhaps three, will have to be employed to carry out the order of the court. The prisoner will be taken to a restaurant for his meals.—Seattle Post Intelligencer.

MUST BE OF WOOD OR METAL

Why German "Efficiency" Has Had Its Say Concerning the Footwear of the Kaiser's Subjects.

The Germans as well as the French are to have "national boots." But what a contrast between the two! While the French boots are well made and are of leather, the Germans are going to use wood and metal.

The models to be made in Germany are the following: "Men's boots—lace boots, stem of which will be of cloth bordered with thin strips of leather, the whole fixed on a wooden sole and heel, border of which will be protected by metal.

"Women's boots—same model as for men, but the sole of which will have a thin covering of good leather while the rest will be made up of 'ersatz,' leather and wood."

There is small probability that such boots will see their wearers to Paris or London—the Kaiser's promised land—if they have to walk. No doubt the allies will save them the trouble of walking.

THE DISPATCH

Prints the Best and Latest in Wedding Invitations and Announcements, Dancing Party Invitations and Programs, Programs for Recitals, Entertainments and Other Occasions, also Supper, Social, Entertainment and Dance Tickets, Milk Tickets, Etc.

We will be Pleased to Show You Samples of Our Work and Give You Our Prices. Call on Us.
